**Webinar on  
“The impact of the Global Minimum Tax on the tax administrations of  
the Greater Bay Area (GBA)”**

**Speaker :**  
**Dr. Danny Po**  
**International and M&A Tax Services Partner**  
**Deloitte**

**(Course Code : 122021)**

***Seminar Outline:***

The US, OECD and G20 finally reached a consensus on the long debated global minimum tax rate, which is now fixed at 15%. There is a serious concern that those tax incentives granted by the local governments in the GBA which would bring the effective tax rate down below 15% would no longer be sustainable. Taxpayers in the GBA have started to prepare for the imminent abolishment of those tax incentives and to lobby for different forms of fiscal subsidy as a substitute. The speaker will analyze the impact of the global minimum tax rate on the local tax administrations of the GBA and suggest appropriate actions of taxpayers in response to it.
